Our Roots

Native American and Alaska Native women face some of the highest violence rates in the U.S., undermining the safety of our relatives. StrongHearts Native Helpline was launched in March 2017 in response to these high rates of domestic and sexual violence. Born from a collaboration between the National Domestic Violence Hotline (NDVH) and the National Indigenous Women's Resource Center (NIWRC), StrongHearts is now an independent nonprofit offering a Native centered resource for Native Communities.

Trust. Speak. Heal.

Our team of dedicated and experienced Native American and Alaskan Native advocates are here to support you at any point in your journey. United, we will begin a path towards healing and empowerment.

"I, too, am a survivor."

- StrongHearts Advocate

"It's not work to me. It's helping others find a way to start healing and start a new life of happiness, joy and love. To make sure they know they matter and deserve as such."

- StrongHearts Advocate

Our Purpose

StrongHearts Native Helpline offers confidential, anonymous free of charge culturally-appropriate services for American Indians and Alaska Natives who are impacted by domestic and/or sexual violence. We are here for all relatives across the United States.

- Peer support - non judgemental support
- Crisis intervention
- Safety planning
- Domestic violence education
- Referrals to Native-centered domestic violence and sexual violence service providers
- Basic information about health options
- Support finding a local health facility or crisis center trained in the care of sexual assault survivors and forensic exams
- General information about jurisdiction and legal advocacy referrals
